

Teaching with Tech

**Hirosaki Gakuin University,
Aomori**

The focus of the 2020 conference is pedagogical innovations around technology usage. The conference calls for papers, presentations, workshops and posters where teachers introduce the what, how, and why of their classroom-based practices with tech.

- **WHAT** - What are you teaching? What do students do with the tech?
- **HOW** - How do you teach? How do you assess learning? How do you use the tech?
- **WHY** - Why that tech? Why that teaching approach?

Evening Workshops
Friday June 5

Main Conference
Saturday & Sunday June 6-7

Free Networking Reception
Saturday June 6

Call for Papers
Mid November - Feb 2nd
